

80 CFM Enclosed Engine Driven Rotary Screw Compressor

80cfm@100psi
72cfm@150psi

Features

- Industrial grade rotary screw airend
- Industrial grade drive engine
- Quick service compressor filters
- Electric start drive engine
- High oil temperature shut down
- High air temperature shut down
- Low engine oil shutdown
- Engine idle control to meet air demand
- 12 Volt compressor air & oil cooler pack*
- JIC quick connect air & oil lines
- Vibration mounting pads

Options

- Cold weather heating package
- High ambient temperature cooling package
- 6 or 12 gallon EPA, DOT rated fuel cells
- 6 or 30 gallon air storage tank
- Drive engine control extension
- Compressed air regulator control pack
- Cover color change
- Battery for engine electric start

| Model | CFM@100PSI | CFM@150PSI | Engine Brand | Auxiliary Fuel Tank Required | Length | Width | Height |
|--------------|------------|------------|--------------|------------------------------|--------|-------|--------|
| RS280GEC-ENC | 80 | 70 | Kohler | Yes | 46 | 20 | 32 |

* Cooler pack to be mounted external to compressor system.
12 Volt Control voltage connection to be supplied by vehicle/equipment compressor is mounted to.
Dimensions are representatives of package dimensions not total space required for mounting.

No Start Up Kit Required
