Enclosed Rotary Screws

The CAS 5-300hp ENC rotary screw compressors are the perfect compressors for the shop that wants to keep DBA's to a minimum. With the 5hp operating at 64DBA's and the 100hp at 72DBA's you'll hardly know its running. With the same great air end as the RS series maintenance is still a simple process. Just unlatch the door spin the old filter off and the new one on. By keeping with the philosophy that simple is better, these are the best enclosed rotary screw compressors on the market. The Compressed Air Systems ENC series of rotary screw compressor are designed for years of easy use and trouble free maintenance.

Standard Features

- Sizes from 5-100hp
- Operating pressures from 100-180 PSI
- Less than 3ppm oil carry over
- One solenoid valve operation
- Low DBA
- Spin on seperator & oil filter
- Oil/Air after cooler standard
- 8000hr synthetic oil standard
- Analog controls standard
- 5Year extended warranty available for airend
- Common style electrical components

Additional Options

- Y Delta starter
- Microprocessor
- Variable speed drive
- TEFC Motor

Elite Enclosed Rotary Screw

The CAS 5-100hp Elite Series ENC rotary screw compressors are the complete package for rotary screws. The 5-20hp models are mounted on an 80 gallon horizontal tank with the dryer to save space. The 25-100hp include the refrigerated air dryer and a vertical stand alone receiver. All Elite ENC Series rotary screw compressors come freight pre-paid per the standard shipping area's. These packages make installation and operation simple and easy, no programming is necessary to install the units just a quick rotational check and its ready to go. With all the same great features as the ENC standard series compressors these packages help to make life a little more simple.

Standard Features

- Sizes from 5-100hp
- Operation pressures from 100-180 PSI
- Less than 3ppm oil carry over
- One solenoid valve operation
- Low DBA
- Spin on separator & oil filter
- Oil/air after cooler standard
- 8000hr synthetic oil standard
- Analog controls standard
- 5 year extended warranty available for airend
- Common style electrical components
- Tank included
- Dryer included
- Freight included

Additional Options

- Y Delta starter
- Microprocessor
- Variable speed drive
- TEFC motor
