Duplex Rotary Screw Compressors

Compressed Air Systems Duplex rotary screw compressors are the ultimate in electrical efficiency. A timed operating system controlled by a SMART contactor ensures a reliable and efficiently operating industrial compressor package.

Compressed Air Systems builds duplex rotary screw compressors in a variety of horsepower, tank, and electrical voltage ranges. Our duplex rotary screw compressors are built to be easy to service, maintain and operate. By not having a microprocessor control in the compressor package it makes the overall operation and maintenance of the compressor simple and easy while still offering remote monitoring and remote electrical capabilities.

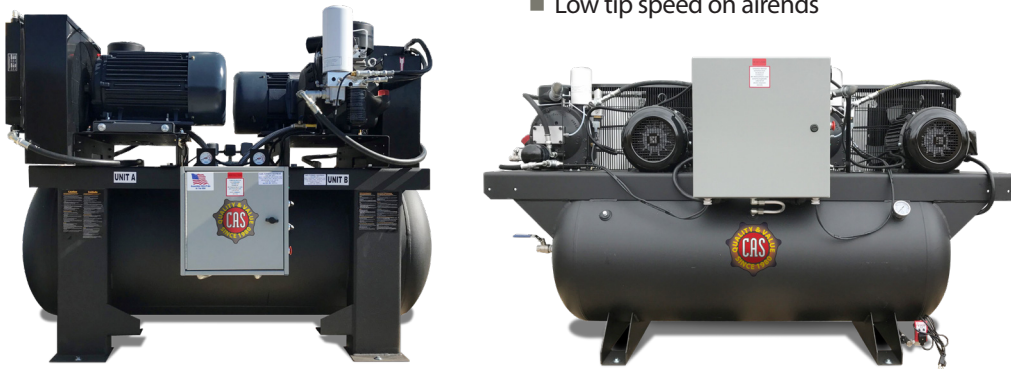

Standard Options

- Operating Pressures from 100-190 psi
- Encapsulated easy to service airend design
- Spin on separator and oil filter
- Air/oil cooler
- Automatic tank drain

- Hour meter
- Heavy duty air filter
- SMART contact controls
- Load/unload switch
- Run and fault LED indicators
- 8000hr synthetic fluid fill standard
- Single solenoid operation
- Low tip speed on airends

Optional Options

- Soft Start
- Variable frequency drive controls
- NEMA4 controls
- NEMA4X controls
- NEMA7 controls
- TEFC motor
- Class 1 Division 2 drive motor
